## NUMBERS AND GOODY BAGS PICK-UP

Race numbers and goody bags can be collected at the Marathon Village, inside Milan's **MiCo LAB**, **Friday, April 6** (10 am to 8pm) and **Saturday, April 7** (9am to 7pm).

Access to the Marathon Village will be from Gate 17 in **Piazzale Carlo Magno**. The nearest **subway** station (**Domodossola, on the purple line M5**) is 600 meters from the village.

The race numbers and goody bags can also be picked up by a third person, showing the specific authorization form signed by the legitimate owner of the number. For organizational reasons, no race numbers and goody bags will be delivered on the morning of April 8, 2018, the day of the marathon.

**It will be possible to have the bib number shipped at an Italian address** by paying an **additional fee of 10 Euros**, through on-line procedure (available from March 1, 2018). In this case, the bag for personal clothes will be shipped together with the bib number. The goody bag, however, can be collected after the marathon at the appropriate desk at the exit of the technical area.

The race number is strictly personal, it cannot be tampered with or reduced and is not transferable to anyone, under penalty of disqualification. The bib incorporates the timing chip (which must not be tampered with in any way) and must be applied with the appropriate pins.

## SAFETY PROCEDURES

In compliance with the provisions of the official communicate by the Ministry of the Interior NR. 555/OP/0001991/2017/1 (so-called "Circolare Gabrielli") special safety procedures will be implemented. In particular:

- every marathon runner will have to choose, together with the collection of the bib number, the gate (1-4) through which to access the Montanelli Gardens, where the start/finish technical is located;
- access to the Montanelli Gardens will have to take place through the gate selected from 7:00 am onwards;
- the marathon runners must show their bib number to access;
- the organization does not guarantee access to the starting sectors in time for the athletes who will present themselves at the gate after 7:45 am;
- it will not be allowed to bring inside the Montanelli Gardens any container (bag, backpack, etc.) other than the transparent bag provided by the organization (and marked with the appropriate label with your bib number), inside of which the single articles must be inserted in bulk, to allow an accurate and fast control by the security personnel.

Further information and more details will be provided to the athletes in the days before the race.

## DEPOSIT FOR BAGS WITH PERSONAL CLOTHES

Alongside the bib number at each athlete will be given a label (bearing the race number) to be placed on the bag provided by the organization in which personal clothes can be stored.

**The bag, transparent and appropriately numbered, will be the only container accepted by the organization. It should be delivered to the employees at the bag deposit in the designated area at the start/finish, where it will be kept and where it can be withdrawn by the athlete at the end of the race.**

It is advisable not to leave personal belongings (mobile, wallet, etc.) inside the bags. While ensuring the utmost care in the custody of the bag, the organization will not be responsible for any theft.

## START

The start of the EA7 Emporio Armani Milano Marathon 2018 is scheduled from Corso Venezia in Milan at 9:00 am, with meeting in the starting area from 7:00 am.

The official departure time will be communicated to participants in the days before the event. It is noted that small variations are possible due to technical and organizational needs.

## TIMING

The time keeper is Timing Data Service srl. Time measurement and processing of the rankings will be electronically made with a system based on an active transponder ("chip") attached to the race number. It is forbidden to tamper with the chip and the support that fixes it to the bib. Athletes who in any way loose and/or damage the "chip" will not be timed and will not be in the rankings.

For each athlete will be taken: **official time** (from gunshot to finish line), **net time** (from the moment you cross the start line to the finish line), **intermediate times at km 10**, at **half marathon** (21.097 km) and at **km 30**.

The "chip" will be removed from the bib number by the staff after the finish line. Athletes who do not finish the race or who, for whatever reason, not return the "chip" at the end of the race must send it to: S.S.D. RCS Active Team a R.L. - via Angelo Rizzoli, 8 - 20132 Milano. If not, they will have to pay € 25.00 per compensatory damages.

## TIME LIMITS

**Time limit to finish the marathon is 6h30'**. There will also be two intermediate "gates":

- at the **23,5 km** mark, after **3h40'** from the start (approximately at 12:40 pm)
- at the **30 km** mark, after **4h40'** from the start (approximately at 1:40 pm)

Athletes who do not respect the passage times at the gates will be invited by the marathon staff to board the buses for withdrawn athletes or continue running on the sidewalk and not on the road.

**These measures are necessary to ensure the safety of athletes. After the times indicated above, in fact, a progressive reopening of the roads will occur, on basis of the authorization granted by the Municipality.**

## REFRESHMENT AND SPONGING STATIONS

As per IAAF/FIDAL rules, **there will be refreshment stations with water after the finish line and every 5 kilometers along the course**. Beginning on the 20th km, fruit and cookies will also be available.

In their bags, athletes will find **2 personal sponges** which they will be able to carry with them during the race and soak in the tanks of running water located along the course every 5 kilometers, starting from the 7,5 km. **In these locations there will be no sponges**. Instead, more sponges will be available to athletes in the start area.

## WITHDRAWN ATHLETES

Athletes with an injury or who want to leave the race can get on the “sweep bus” following the last runner to reach the next collection point (km 13,5 - km 23.5 - km 30,3). From there they will be transported to the finish area, where they can reclaim their bags and return their chips.

Athletes who are able to walk can reach the nearest collection point. Transportation to the finish area will start from the three collection points, respectively, at: 12:00 - 13:30 - 14:30.

## MEDICAL ASSISTANCE

In collaboration with Europ Assistance, the organization will provide the runners with a timely and qualified medical service, to help all athletes in difficulty.

An advanced medical post (PMA) will be located in Via Palestro, a few meters after the finish line. Along the course, aid stations, ambulances and medical cars will be available approximately every 4 kilometers.

## PACERS

Various groups of pacers will be at the runners' disposal. These are athletes trained to run the marathon at a constant pace to complete the course within a specific time.

## **RACE CANCELTION**

If the race is canceled and/or otherwise not carried out for any reason not related to and beyond the will of the organizers, including the revocation of race authorization by competent Public Authorities, the enrolled athlete will have nothing to claim from S.S.D. RCS Active Team a r.l. or other co-organizers, even in the form of reimbursement of the costs incurred and to be incurred. The enrollment itself is valid as a waiver of any claim for financial damages already suffered and to be suffered in the future.

## **FINAL REMARKS**

The Organizing Committee reserves to modify these rules at any time for reasons it deems appropriate for a better organization of the race, after having obtained approval from FIDAL. For matters not covered by this Regulation the statutory technical regulations of FIDAL and G.G.G. are applicable.

Modifications to services, venues and timetables will be communicated to registered athletes or will be posted on the website [milanomarathon.it](http://milanomarathon.it). In addition to the documentation containing the information required for taking part in the race it will be handed out alongside the bib.
